

A sepia-toned photograph of a forest. Tall, slender trees with dark trunks stand in a row, their branches reaching upwards. The ground is covered in fallen leaves and debris. In the foreground, a calm body of water reflects the trees and the sky, creating a mirror-like effect. The overall atmosphere is quiet and serene.

Lodge racchiude l'essenza della natura in una materia tecnologicamente avanzata che si prende cura dell'ambiente e valorizza gli spazi con eleganza.

Lodge è gres porcellanato disponibile in quattro colori, due formati e due finiture di superficie: Hand Finish per la posa in ambienti interni e Cross Cut perfetta per spazi esterni.

Lodge captures the essence of nature in an eco-friendly, technologically advanced material that brings elegance to the designs in which it appears.

Lodge is porcelain stoneware available in four colours, two sizes, and two surface finishes: "Hand Finish" for laying indoors and "Cross Cut" perfect for outdoors.

Lodge contient l'essence de la nature en une matière avancée du point de vue technologique qui prend soin de l'environnement et valorise les espaces avec élégance.

Lodge est un grès cérame proposé en quatre couleurs, deux formats et deux finitions de surface: Hand Finish, pour la pose à l'intérieur, et Cross Cut, parfaite pour l'extérieur.

Lodge umschließt das Wesentliche der Natur in einer technologisch fortschrittlichen Materie, die sich um die Umwelt sorgt und die Räume mit Eleganz zur Geltung bringt.

Lodge ist ein in vier Farben, zwei Formaten und zwei Oberflächenausführungen erhältliches Feinsteinzeug: Hand Finish zur Verlegung in Innenräumen und Cross Cut für die Außenbereiche.

Lodge таит в себе квинтэссенцию природы, заключенной в технологически продвинутом материале, который не наносит вреда окружающей среде и с изяществом подчеркивает достоинства пространства.

Lodge – это керамогранит, представленный в четырех цветах, двух форматах и двух вариантах обработки поверхности: Hand Finish для укладки во внутренних помещениях и Cross Cut, идеально подходящий для отделки наружных поверхностей.
